

# Visitor Day Postponed for SKYWARN Recognition Event at Fort Worth NWS

Due to the inclement winter storm, the Fort Worth NWS office is postponing plans for visitors on SKYWARN Recognition Day, Saturday, December 7th. We hope to reschedule a day for SKYWARN visitors another week. We will send another announcement, and post on [wx5fwd.org](http://wx5fwd.org) and [twitter.com/wx5fwd](https://twitter.com/wx5fwd), when a new date is confirmed.

This change only affects visitors to the Fort Worth NWS forecast office for SKYWARN Recognition Day. The SKYWARN recognition event will occur as scheduled Friday night and Saturday. There may be limited radio contact with the Fort Worth NWS office, depending on weather conditions, and availability of WX5FWD radio team operators.

On behalf of the WX5FWD radio team and the Fort Worth NWS office,  
Best Regards and be safe,  
David McAnally, WD5M  
Fort Worth NWS SKYWARN Recognition Day Coordinator
